DeskINJECT[®]

You will spend thousands of dollars on ink cartridges over the life of your DeskWriter or DeskJet printer.

Or you could use the DeskINJECT[®] System, and refill those cartridges—an average of *ten times per cartridge!* That's over \$200 saved by using DeskINJECT.

You WILL make back the cash you spent on your Deskwriter/Deskjet by using the DeskINJECT System.

•RAPID REFILLING:

Takes less than five minutes. Illustrated directions provided.

•REUSABLE:

The specially designed DeskINJECT[®] can be reused INDEFINITELY—you just buy the ink refills.

•RECYCLABLE:

All components (including packaging) are recyclable or reusable.
Only recycled paper, packing and tape is used in our packaging.

•RAINFORESTS:

5% of all profits from the sale of the DeskINJECT[®] system will be given to the Rainforest Action Network.
